

MUTOH Wins 2 Pinnacle Product Awards for 2026

MUTOH INDUSTRIES LTD.

MUTOH INDUSTRIES LTD. (Headquarters: Setagaya-ku, Tokyo; President: Kazunari Chikanawa) is pleased to announce that it has received two 2026 Pinnacle Product Awards sponsored by the PRINTING United Alliance. This marks the 15th consecutive year that our company's products have received this honor.

The Pinnacle Product Awards recognize products that improve or advance the printing industry with exceptional contributions to quality, capability, and productivity. Entries are evaluated by a highly qualified panel of judges from across the printing industry within three main areas: Output Devices, Non-Output Devices, and Technology, which are divided into smaller categories.

MUTOH has proudly won two awards in the following output categories this year:

■ HydrAton 1642 – Roll-to-Roll UV (under 80 in.)

HydrAton 1642 is a roll-to-roll printer that utilizes UV-curable water-based ink technology. It supports a wide range of media while delivering vivid, highly durable output, balancing color quality and productivity. It was also highly rated for supporting sustainable printing processes that lead to reduced environmental impact.

■ XpertJet 661UF – Tabletop Flatbed (Industrial/Small Item Decoration)

XpertJet 661UF is a compact, high-resolution flatbed UV-LED inkjet printer designed for printing on various small items as well as for industrial applications. It was recognized for providing a reliable solution for businesses aiming to expand into high-value, small-lot UV production, thanks to its high-precision printing performance.

This model received the award in the same category for the second consecutive year, following last year's win.
